Forecast for Monday 06 Nov 2023

Weather: A mostly cloudy day, particularly in the west with extensive hill fog. Some bright or sunny spells across eastern ranges. Mainly dry in the morning. Patchy rain spreads into western ranges in the afternoon, then to all ranges in the evening. Any wintriness will be confined to the very highest tops.

Chance of cloud-free hill tops above 800m: 30% in the west, 60% in the east

Low cloud and visibility: Very good visibility in the east. Poor visibility in the west with extensive cloud between 700 and 900 metres. Cloud in the west may briefly lift to near the summits in the afternoon, but likely to lower again in the evening across all ranges.
